

THE GLOBAL CREATION AND MONITORING OF THE TRACEABILITY OF TEST RESULTS IN THE MEDICAL LABORATORY

Programme

- 12:00 Network Lunch, meet & greet and exhibition
- 13:30 Opening host Rob Koops & side-kick Robbert Slingerland
Host Rob Koops
Side-kick Dr. Robbert Slingerland, Isala, Zwolle, The Netherlands;
Head of Laboratory for Clinical Chemistry and Hematology
- 13:35 Opening Dr. Hans van der Vuurst
Dr. Hans van der Vuurst, Queen Beatrix Hospital, Winterswijk, The Netherlands;
Head of Laboratory for Clinical Chemistry and Hematology
- 13:40 Reference Measurement Services for Medical Tests: current State of Play and Future Needs
Prof. Christa Cobbaert, Leiden University Medical Centre, Leiden, The Netherlands;
Vice-chair IFCC Scientific Division Executive Committee
- 14:00 Intermezzo 1: Messages of colleagues
- 14:05 The importance of commutable reference materials and EQA samples
Prof. Greg Miller, Virginia Commonwealth University, Richmond, Virginia, USA;
Chair IFCC Working Group on Commutability in Metrological Traceability
- 14:25 Intermezzo 2: Messages of colleagues
- 14:30 The role of External Quality Assessment (EQA) or Proficiency Testing (PT) in the monitoring of traceability of test results in the medical laboratory.
Prof. Marc Thelen, Amphia Hospital, Breda, The Netherlands;
Director SKML
- 14:50 Break
- 15:10 Intermezzo 3: Messages of colleagues
- 15:15 The power of aggregation of EQA/PT results in the monitoring of traceability of test results in the medical laboratory.
Dr. Eline van der Hagen, Queen Beatrix Hospital, Winterswijk, The Netherlands;
Director MCA laboratory
- 15:35 Intermezzo 4: Messages of colleagues
- 15:40 Global standardisation and traceability of HbA1c; an impossible dream, but now a reality.
Prof. Garry John, Norfolk and Norwich University Hospital, Norwich, UK. Secretary IFCC Scientific Division Executive Committee
- 16:00 Intermezzo 5: Messages of colleagues
- 16:05 EurA1c, the final piece in the puzzle of the global creation and monitoring of the traceability of HbA1c results in the medical laboratory.
Dr. Cas Weykamp, Queen Beatrix Hospital, Winterswijk, The Netherlands;
Former director MCA laboratory, IFCC Network Coordinator HbA1c
- 16:25 Closure Dr. Hans van der Vuurst and Joris Bengevoord, mayor of Winterswijk
- 16:45 Network Reception, meet & greet speakers and exhibition
